TRO Campground- Arcadia

Class II Rapid: "Jennings Creek"

Left channel at island is class II rapid. Ledge sticks out from left bank past first island and forces water sharply to right. Stay to right in the bend. Right channel is class I+ and typically low in summer.

Class I Rapid

Shallow late summer. Run just left of island

Class II Rapid

Run left of center.

Class II Rapid: "Quarry Rapid"

1/4 mile wave-field. Swift water and waves that can tip over boat. Challenging in high water.
